Moving to a new home is the beginning of an exciting chapter. To make it a stress-free experience, we have designed this professional timeline that will help you organize every detail with precision.

PHASE 1: 4 WEEKS BEFORE

Organization & Decluttering

- **Detailed Inventory:** Walk through each room and decide what you will take, donate, or discard. Less volume means a more affordable move.
- **Book Your Date:** Contact Adela & Brothers Moving at **813-820-9000** to secure your spot on our calendar.
- **Gather Documentation:** Create a physical or digital folder with lease agreements, school records, and medical documents.
- **Notify Service Providers:** Inform your utility companies (water, electricity, internet) about your disconnection date at the current home and connection at the new one.

PHASE 2: 2 WEEKS BEFORE

Start Packing

- **Quality Supplies:** Make sure you have boxes of various sizes, reinforced packing tape, bubble wrap, and markers.
- **Smart Labeling:** Label each box with the destination room name and a brief description of its contents (e.g., "Kitchen - Fragile Dishes").
- **Valuables:** Set aside jewelry, legal documents, and small items of great sentimental value to transport them personally.
- **Use Up Food:** Start consuming perishable and frozen foods to avoid waste on moving day.

PHASE 3: 1 WEEK BEFORE

Final Details

- **Survival Kit (Day 1):** Prepare a box with the essentials for your first night: bedding, toiletries, chargers, basic tools, and snacks.
- **Deep Cleaning:** Arrange for cleaning at the home you are leaving and, if possible, at your new home before the furniture arrives.
- **Final Confirmation:** Call us to verify the exact arrival time of our team and coordinate truck access.

THE BIG DAY: STRESS-FREE MOVE

- **Floor Protection:** Our team will place protectors to ensure your property is not damaged during loading.
- **Final Walkthrough:** Do a last check through all closets and drawers to make sure nothing is left behind.
- **Key Handover:** Make sure to close all windows and turn off the lights before heading to your new beginning.
